

# Preventing Handwriting Difficulties

All in one manuals that are suitable for Daycare Centres, Classrooms and Parents.

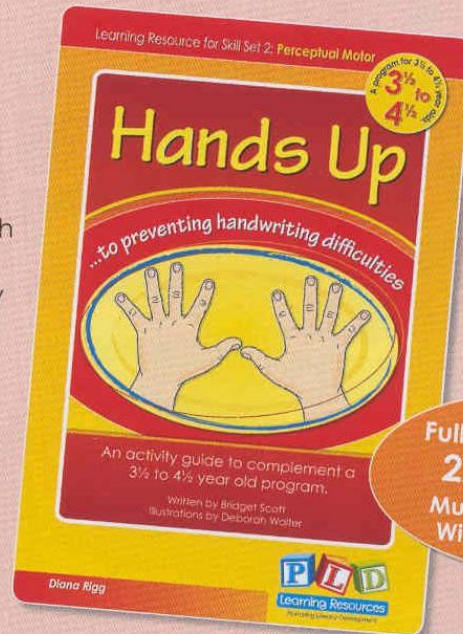

Designed by Occupational Therapists for schools, the Preventing Handwriting Difficulties range presents clear information on the norms of fine and gross motor skill development and current information regarding dominance, grasps, in hand manipulation and hand strength. These teacher's manuals provide a practical guide to a wide range of activities that can be used across the 4 to 6 year old learning environments to support the development of foundation fine and gross motor skills and ultimately handwriting ability.

## Hands Up... to preventing handwriting difficulties A program for 3½ to 4½ Year Olds

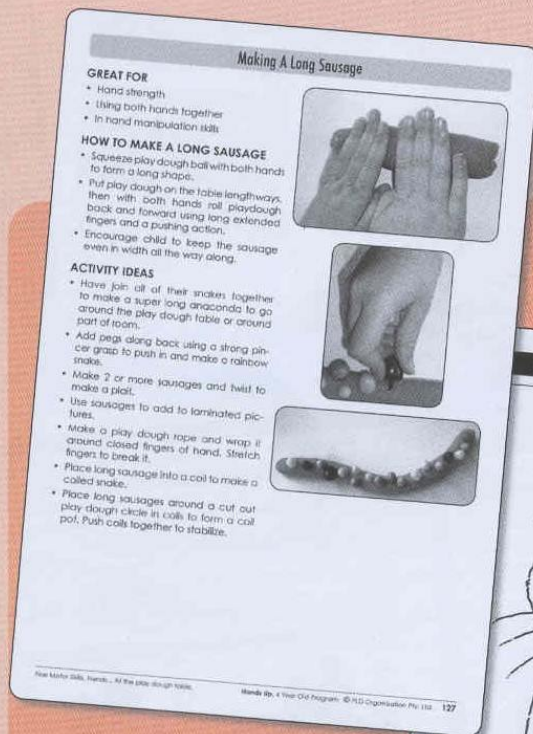

A practical guide outlines 4 year old:

- Fine motor cutting, colouring, drawing, play dough and pre-writing activities.
- Gross motor ball, balance, eye tracking and body control activities.
- Expectations and guidance on issues such as dominance, pencil grip and posture are also contained in this easy to use manual.
